

Covid-19 Response

Boys Hope Girls Hope Colorado is closely monitoring CDC, state and local authorities for news, restrictions, etc. BHGHCO is following the guidelines of its partner schools, Regis Jesuit High School and Aurora Central High School. Our office, while not closed, is practicing the suggested social distancing. Please call before coming by the office to verify someone will be present and not working remotely, 720-524-2061.

Our program staff regularly uses online tools to supplement our in-person programming. We are well set-up to continue and enhance our online learning and one-to-one coaching with scholars while schools are on an extended break.

Our seniors will continue applying for outside scholarships and financial aid. Our juniors are engaged in an online test-prep course. All of our scholars will continue their online College Road Portfolio assignments with the guidance of program staff.

We are in close communication with our scholars and families, and we are ready to help solve problems and provide guidance as needed.

BHGHCO is in contact with our collegians, as many of their colleges and universities are changing to online class delivery or closing campus for periods of time, to make sure they are safe, have a place to be and the tools necessary for online classes.

Our prayers are with everyone impacted by this evolving and challenging situation.
