From Executive Director

Mary Frances Tharp

2022 was a year of getting back to "normal" for all of us at Boys Hope Girls Hope of Colorado (BHGCO).

We are achieving exceptional academic outcomes with motivated youth providing college preparation, access to and through college. We are able to do this with our partnerships with scholar & collegian families and partner schools - Regis Jesuit High School and Aurora Central High School. We provide individualized guidance and a curriculum focused on college-readiness.

BHGCO continues to serve more youth. And we celebrate even more graduates, both from high school and college! With our change to all Academy programming, BHGCO is serving 3 times the number of high school scholars and 8 times the number of collegians. As Fall 2023 school year started, 13 college freshman were starting classes. Our 2022 college graduates are employed and two are now married. These first-generation college graduates are impacting the community and their families through their jobs and through service.

It is because of our dedicated team members, board of directors, donors, volunteers and community partners that we are able to celebrate an organization that is thriving, and more importantly that our scholars & collegians are thriving!

Thank you! I look forward to 2022 and all its possibilities!

MISSION

To nurture and guide motivated young people in need to become well-educated, career-ready men and women for others.

Meet A Collegian

Apshara
University of Denver

Apshara is a University of Denver student and a Daniels Scholar, in addition to a Boys Hope Girls Hope Collegian. Apshara was born in a UN refugee camp, after her family left Nepal.

She is known as the girl that never lets an opportunity go by. She says, "I am thankful for the day that Boys Hope Girls Hope adopted me into their family because as strong as mine is, I needed more support in achieving my potential in my academic and extracurricular endeavors."

I was 14 years old when I got my first job and Boys Hope Girls Hope was right there, teaching me time management. I was 16 when I received my nursing license because of the encouragement Boys Hope Girls Hope provided. I graduated high school at the top of my class and received the Daniels Scholarship because Boys Hope Girls Hope was in the background helping me edit my essays. I learned the importance of discipline, time management and networking through Boys Hope Girls Hope. My adopted family did not give up on me.

Boys Hope Girls Hope of Colorado is proud of Apshara and all she has accomplished. This spring (2023), she will be graduating early from the University of Denver with her Bachelors in Molecular Biology and a concentration in Cognitive Neuroscience.

She has been accepted to Brown University, University of Southern California, University of Colorado and Emory University for their Masters in Public Health.

VISION

We believe in opportunity, education and inclusion for every motivated person.

College Preparation includes:

- BHGCO team members at each school to support academic success
- Tutoring, ACT/SAT test prep, financial literacy, career panels, book clubs
- Participation in concurrent college enrollment or AP classes
- School and broader community engagement in athletics, student government, clubs, service work and jobs
- Mental health access and supports
- Partnerships with community programs

College Persistence includes:

- Scholarships
- Support on class selection & majors
- Partnerships with universities & colleges to provide in person support on campus
- Connections for on campus health and well-being
- Internships and career guidance

College Access includes:

- College Application Boot Camp
- College visits and tours
- Individualized assistance with college matching, college applications, scholarship applications & FAFSA completion
- Guidance during summer to assure graduates arrive on college campus for freshman year
